

# ALEX DECESARE

JUNIOR WEB DEVELOPER

## OBJECTIVE

I am currently a Lube Technician hoping to make my love for coding a reality.

## SKILLS

- Working with teams
- Reading technical documentation
- Communicating with customers
- Punctuality
- Creating static websites with HTML 5
- Styling websites with CSS
- Utilizing CSS grid and flexbox to layout websites
- Using JavaScript to manipulate HTML

## EXPERIENCE

### TIRE AND LUBE TECHNICIAN • AUTO QUICK FAST LUBE • MAY 2017 – PRESENT

Performing basic automotive maintenance, such as oil changes, changing batteries, mounting tires, balancing tires, and emissions tests. Explaining and recommending proper service intervals, procedures, and basic automotive technologies to customers. Utilizing diagnostic tools to find and reset check engine codes, check readiness monitors, and reset oil reminder lights. Trusted with the responsibility to open the shop as well as the keys and alarm codes to the shop.
